

Bernice June Miller

September 4, 1931 – February 3, 2025

The world lost a very lovely lady on February 3, 2025. 'June' Miller. She was married for over 30 years to her Air Force love, Elmer. They had 5 treasured daughters and sons Barbara Helfrich, Cindy Clinton, David Miller and step-sons Bruce and Alan Winebarger. They lost Alan before Elmer's heavenly deployment in 2016.

While Bernice was challenged by health issues, she was, as her friend Kristi says, a beautiful human with a shining soul. Feisty, sharp as a tack, and filled with vigor and love. She endured much loss in her life, and I recently asked her how she got through it. Her response was "Kristi, you just have to. You have to pick yourself up every day". This was one strong lady. She was so loved by those who knew her and she will never be forgotten. She is now reunited with those she used to mourn... I know she is ecstatic about seeing them again. So, if you look up one day and hear some birds chirping or animals calling to each other, it is really June with her heavenly family, happy to be together again.
